

amaran Pano 60c Barn Doors One Sheet

Main Features

- **Precision light control attachment** designed for the amaran Pano 60c panel light
- **Adjustable 4-leaf design** to shape, cut, and control spread and direction of light for creative flexibility
- **Eliminates unwanted light spill** by narrowing the amaran Pano 60c's native 45° beam angle
- **Wire clasp design** for fast, easy, & secure setup and disassembly without additional tools
- **Included removal diffusion plate** for softer light output for more even and natural illumination
- **Slim and portable design** for travel

Target Audience

The amaran Pano 60c Barn Doors are designed for creators who need precise control over their lighting, allowing them to shape, refine, and direct the amaran Pano 60c's light output with ease. Its adjustable 4-leaf design is perfect for crafting striking portraits, highlighting products, or experimenting with dramatic effects when needing to cut and shape the light, reduce spill, and create focused illumination. The portable build combined with its wire clasp mechanism ensures quick setup, effortless adjustments, and easy transport, making it an ideal tool for on-location shoots and dynamic creative workflows.

Product Description

Take full control of your lighting with the amaran Pano 60c Barn Doors, a 4-leaf light control accessory designed for precise light shaping, cutting, and spill control when used with the amaran Pano 60c full-color panel light.

Precise light control. Adjust the 4-leaf barn doors to cut and shape to cut and shape the amaran Pano 60c's light output for greater creative control. Whether creating custom lighting setups for portraits, product photography, or dramatic storytelling, these Barn help you sculpt the shape and spread of your light effortlessly.

Eliminate unwanted light spill. Quickly minimize excess light spill and limit the direction of the amaran Pano 60c's native 45° beam angle with precise adjustments. And with its durable, steel construction, craft your light with enhanced control without introducing multi-shadow effects or unwanted reflections.

Included diffusion plate. For softer and more even light output, the amaran Pano 60c Barn Doors includes a dedicated diffusion plate, adding an additional layer of light control to reduce harsh shadows and create a natural glow over subjects.

Fast and secure setup. Featuring a wire clasp design, the Barn Doors easily mount onto the amaran Pano 60c, ensuring a secure attachment to the sides of the panel light while allowing for quick setup and removal.
