### Product Description

The amaran USB-C to USB-C Locking Charging Cable (3m) is a high-performance PD3.1 charging cable designed to reliably power the amaran Pano 60c & 120c lights via compatible USB-C PD power banks and adapters. Featuring a locking USB-C connector and a long 3-meter (9.8ft) length, this Charging Cable delivers efficient, stable power for on-the-go or studio setups – ensuring your lighting stay powered wherever you create.

#### **Locking USB-C connector for secure connections.**

Featuring one locking USB-C connector, the Charging Cable ensures a secure fit when plugged into the amaran Pano 60c & 120c's locking USB-C port. With a reliable connection, you can create with confidence without interrupting your workflow during your shoot – even during demanding, fast-paced environments or handheld use.

**Fast-charging with USB PD3.1 protocol.** Supporting up to 140W USB PD 3.1, the Charging Cable meets the high power demands of the amaran Pano 60c & 120c lights. Whether you're lighting mobile content or extended studio interviews, the Charging Cable delivers high-speed, uninterrupted charging to keep your lights running at full performance – without relying on bulky batteries.

**Extended 3-meter length for dynamic setups.** Measuring 3 meters (9.8 feet) long, the Charging Cable offers extra reach and greater flexibility for dynamic setups, allowing you to easily position your amaran Pano 60c or 120c light exactly where you need, even when power sources are placed at a distance.
