

14" PORTABLE USB TYPE-C MONITOR

UMTC-1400

Providing additional Full HD images for the limitation of single screen size, as well as enhancing the entertainment sensory experience at anytime and anywhere.

5mm ULTRA-THIN | TYPE-C/HDMI SIGNALS | 10POINTS CAPACITIVE TOUCH

Wide Viewing Angle

Featured with 170° viewing angle, 250 cd/m² brightness, 800:1 contrast ratio, 8bit 16.9 screen panel and excellent response time.

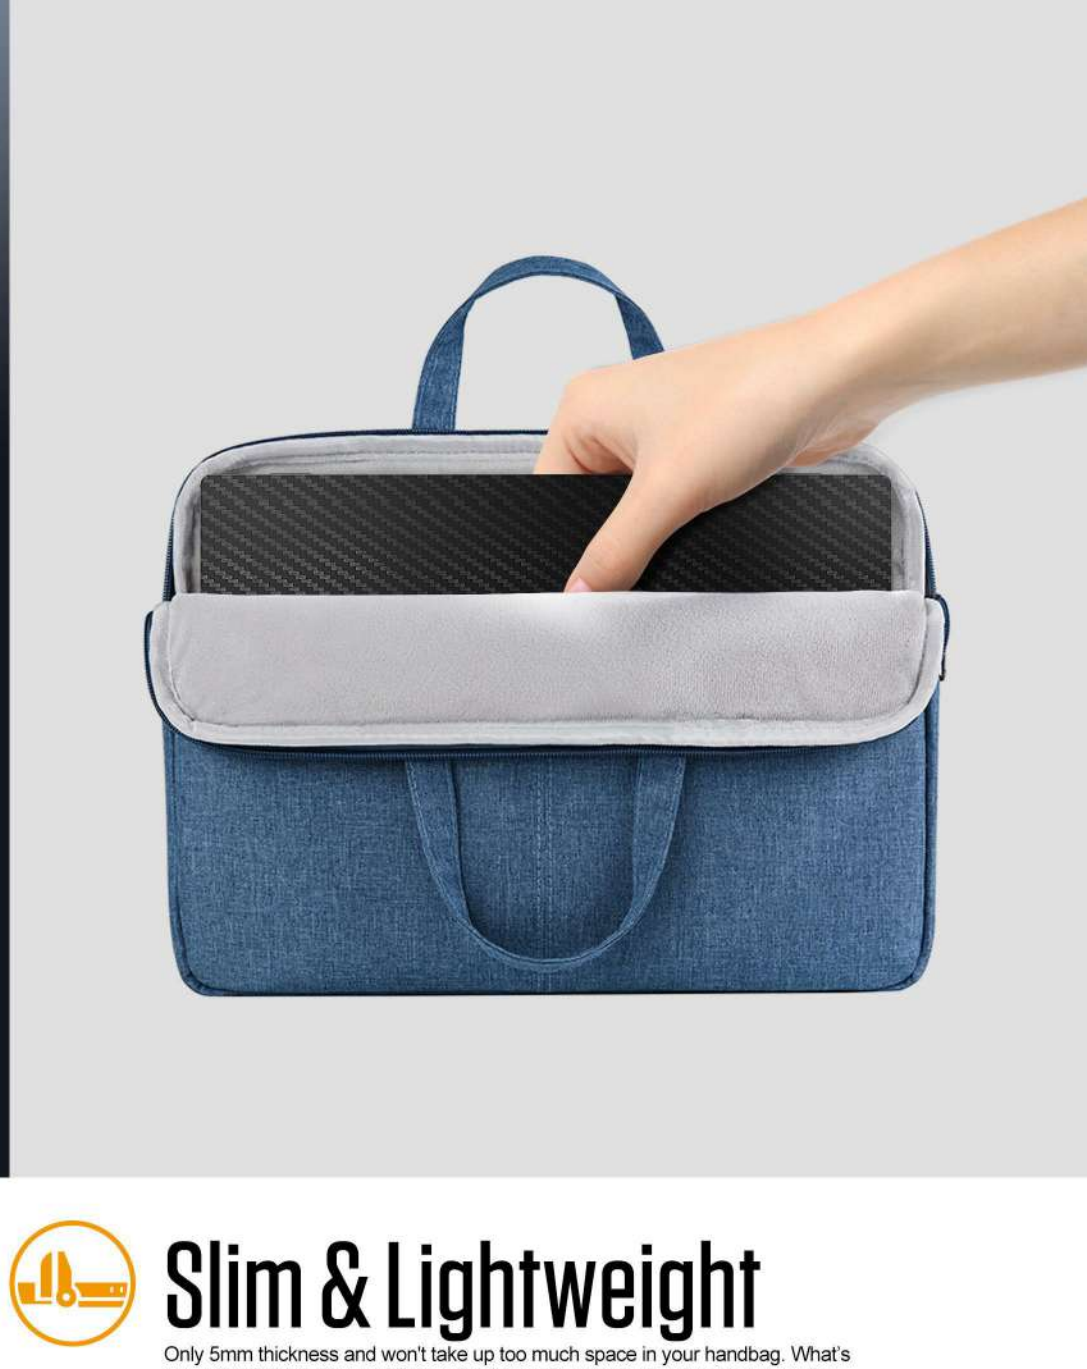

Color Management

Support adjustable screen color menu. Setting up your individual color tones no matter when playing game, watching movie or working in office.

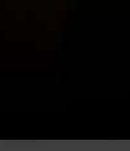

HDR (for HDMI mode)

When HDR is activated, the display reproduces a greater dynamic range of luminosity, allowing lighter and darker details to be displayed more clearly. Effectively enhancing the overall picture quality.

Slim & Lightweight

Only 5mm thickness and won't take up too much space in your handbag. What's more, the 970g (with case) light weight doesn't make it a burden when traveling.

Multi-tasking

Even if two equally important tasks to do and both should be kept in your sight synchronously, an USB Type-C monitor will be a better choice. Also, when present something to others at a meeting, please use a USB Type-C cable to achieve so.

Mobile Office

Compatible with HDMI and PD interface protocol devices. It can be used as a simple tablet, as well as support extension display for Samsung DEX mode and Huawei PC mode.

Power From Mobile Phone

When the Type-C cable is connected to the monitor, the mobile phone powers the monitor. When the PD power cable is connected to the monitor, the mobile phone can be charged in reverse.

Gaming Monitor

Suitable for most of console games on the market, such as PS4, Xbox and NS. As long as there is power supply, you can play games anytime and anywhere.

FPS Crosshair Scope

Providing an auxiliary crosshairs scope marker, allow to quickly find the center in the screen and get the target shot without any setup.

PS4

XBOX

NINTENDO SWITCH

Metal + Glass

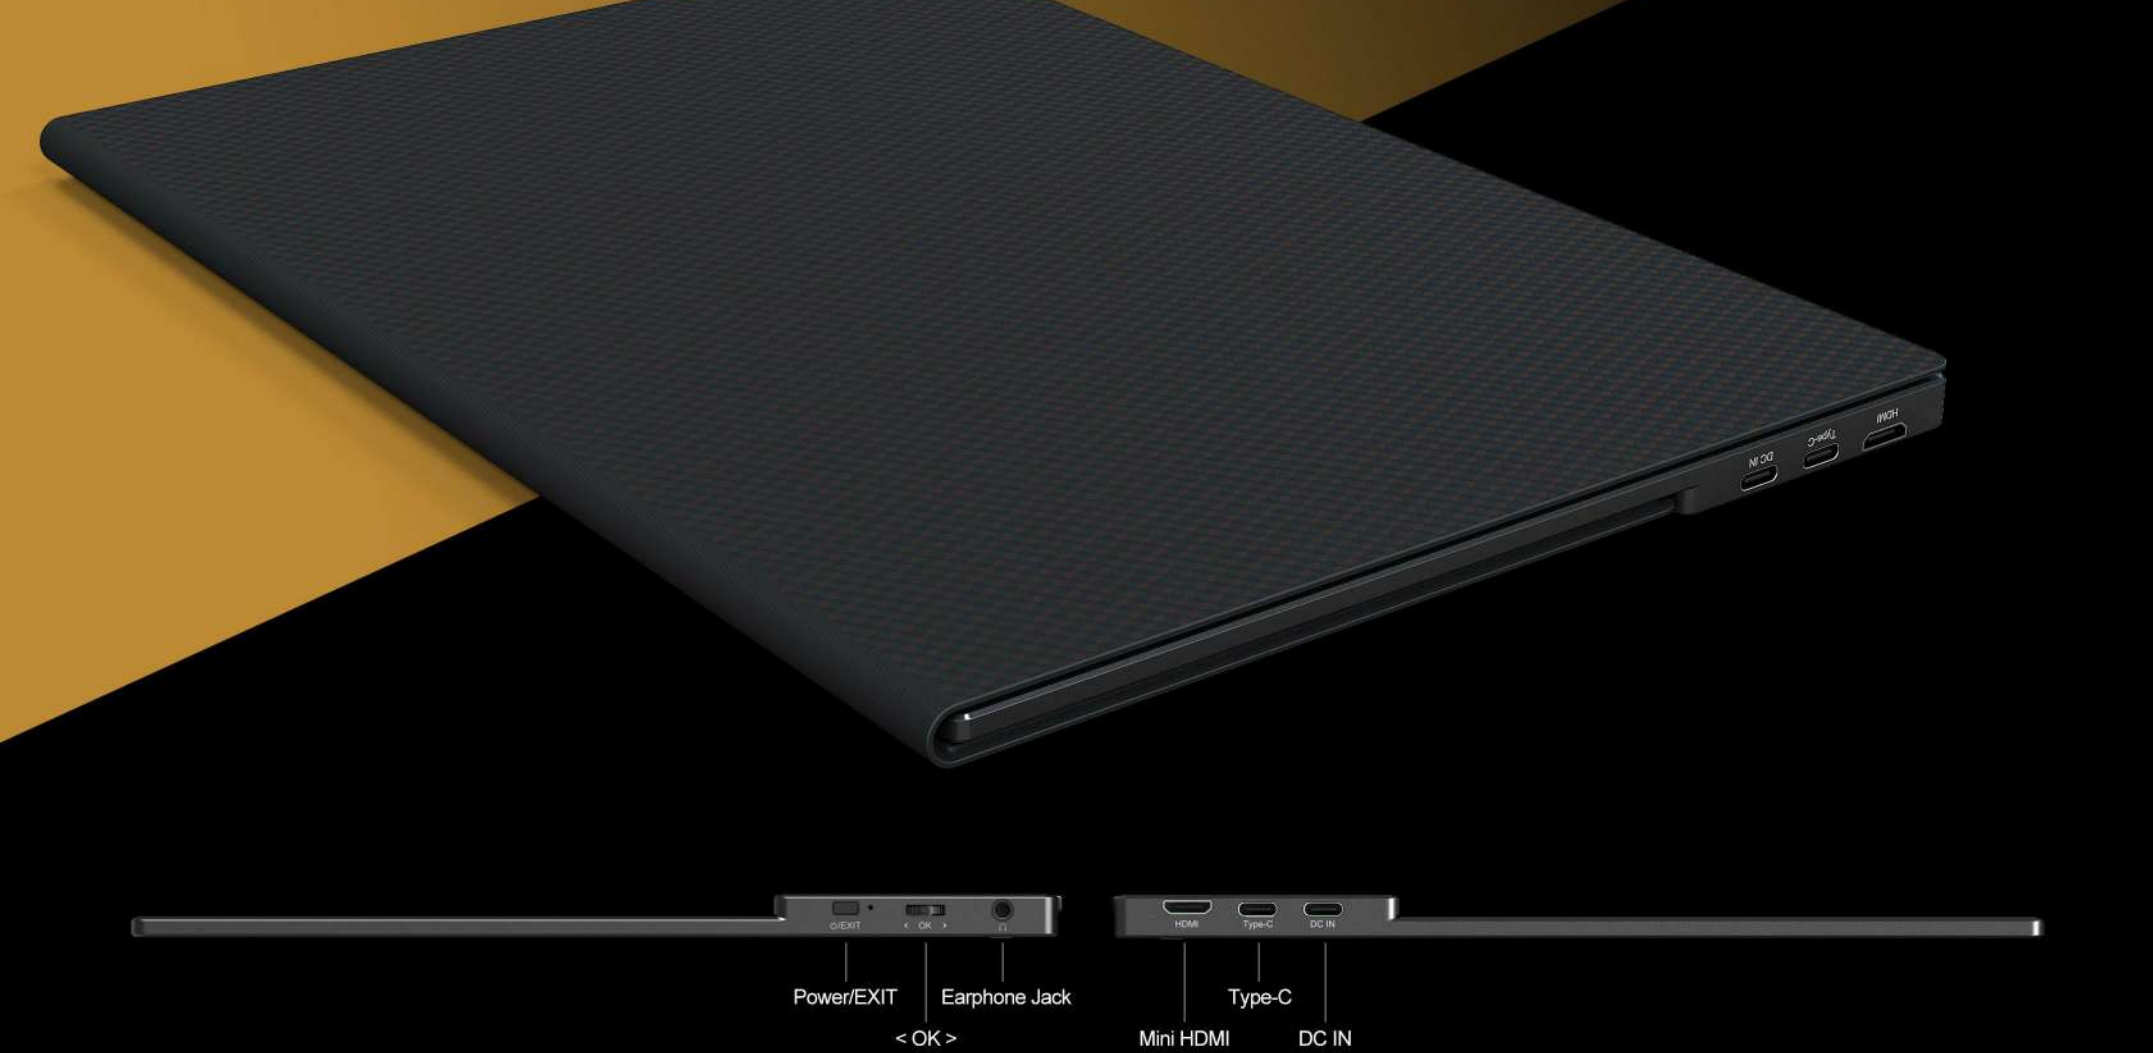

Mirror glass are combined with brushed aluminum panel not only improves the solidity of frame, but give consideration to the beauty of monitor.

Speaker
Built-in bottom efficient speaker
