- **360° soft light source** for enhancing any atmosphere
- **Quick-build press mount design** for faster setups
- **Universal Bowens Mount:** Compatible with amaran COB lights and other Bowens Mount fixtures
- **Included carrying bag** for easy transportation

Target Audience

The amaran Lantern 65 is ideal for content creators looking for a practical lighting solution for creating soft, ambient lighting with Bowens Mount LEDs that fills every corner of your scene. Its spherical, omnidirectional design mimics natural light to instantly fill any environment with evenly diffused light – from lighting small studio shoots for interviews and podcasts, to elevating spaces into an inviting atmosphere for any video content.

Its quick-build design makes it easy to set up and dismantle, making it a convenient choice for content creators in fast-paced shoots or those frequently changing locations or setups, allowing you to spend less time on setup and more time creating.

Product Description

The amaran Lantern 65 is a 65cm (2ft) omnidirectional modifier built for filling spaces with soft, ambient lighting. Featuring a quick-build design, this spherical light modifier can transform hard point-source LEDs into a soft, 360° lighting solution for home studio setups in seconds.

Quick-build design for faster setups. Like traditional lantern modifiers, the amaran Lantern 65 uses the same quick-build press mount to snap into its spherical shape. By pressing down to attach the hooks to the frame, you can transform your space with soft, even lighting in seconds, making it faster and easier to build and break down your softbox. Say goodbye to cumbersome gear so you can focus on bringing your creative ideas to life.

One modifier for all your Bowens lights. Featuring the universal Bowens Mount, the amaran Lantern 65 is compatible with a wide array of Bowens Mount fixtures – from compact amaran COB lights for on-the-go to the amaran 300c for home studio setups – offering flexibility for any creative project. This modifier creates a soft, diffused glow in all directions, making it perfect for ambient fill lighting and creating a natural atmosphere for studio setups, interviews, on-location, and open spaces.

Portable design for on the go. Produce soft, even lighting wherever your shoots may take you. Designed for on-the-go creators looking for minimal bulk and maximum convenience, the amaran Lantern 65 is the perfect companion for any creation. At only 800g (1.76lbs) and packed in a carrying bag, this lightweight modifier frees up space in your bag and makes transport a breeze, while providing a fast and seamless experience from setup to shoot.
