- **Included diffusion** for even, soft light in every shot
- **Included light control grid** for added depth & contrast
- **Included carrying bag** for easy transportation

Target Audience

The amaran Light Dome 60 is the perfect compact circular softbox for capturing striking portraits, interviews, and solo creators who need soft, round light in close-up, tight spaces. Its 16-sided, near-perfect circle design mimics the shape of natural light, creating a beautifully diffused, even glow over subjects for enhancing skin tones, texture, and creating round eyelights, while granting you flexibility to shape your light with precision.

Whether paired with a compact Bowens Mount fixture for a portable lighting kit or used in a home studio, its quick-release rod design makes it easy to set up and dismantle, making it a convenient choice for creators frequently changing locations or setups, allowing you to spend less time on setup and more time creating.

Product Description

The amaran Light Dome 60 is a 60cm (2ft) circular Bowens Mount softbox built for wrapping subjects with stunningly soft, natural light. Featuring a quick-release rod design, this 16-sided modifier can transform hard point-source LEDs into a diffused, circular source that mimics natural light for close-up photo and video content in seconds.

Circular design for soft, natural light. The amaran Light Dome 60's 16-sided design creates a near-perfect circle, producing beautifully rounded and uniform reflections that mimic natural light sources like the sun. From capturing striking portraits to producing video content in a home studio, the amaran Light Dome 60 delivers smooth, even light from center to edge to breathe life into the eyes of any subject.

Quick-release rod design for quick setups. By simply pulling on its 16 rods to lock, the amaran Light Dome 60 can snap into its parabolic shape in seconds, making it faster and easier to build your modifier. And with its quick-release mechanism, pinch the release latches to break down with ease. Say goodbye to cumbersome gear so you can focus on bringing your creative ideas to life.

One modifier for all your Bowens lights. Featuring the universal Bowens Mount, the amaran Light Dome 60 is compatible with a wide array of Bowens Mount fixtures. From the amaran COB 60d S for a mobile lighting kit to the amaran 300c for a compact home studio setup, this modifier creates a soft, natural glow for capturing portraits and interviews.

Your full creative toolkit, all in one bag. The amaran Light Dome 60 comes with all the components you need, packed in a carrying bag. Create a natural glow on your subjects with the included diffusion or add depth with the included control grid. With a fast and seamless experience from setup to shoot, this modifier is the perfect travel companion for any creation.
