Target Audience

The amaran Light Dome 90 is the perfect expansive circular softbox for capturing group shots and wider scenes with soft, round light. Its 16-sided, near-perfect circle design mimics the shape of natural light, creating a beautifully diffused, even glow over subjects and enhancing skin tones, texture, and creating round eyelights. Its large 90cm diameter enhances the depth and vibrancy of every shot, while the included diffusion and grid grants you flexibility to shape your light with precision.

Its quick-release rod design makes it easy to set up and dismantle from a Bowens Mount fixture, making it a convenient choice for creators in fast-paced shoots or those frequently changing locations or setups, allowing you to spend less time on setup and more time creating.
