camRade camStrap Mini

Name: camRade camStrap Mini

SKU: CAM-CAMSTR-MINI

EAN-13: 8718591671395

Short description

Camera neck strap for mirrorless cameras & monitor cages w/ 2 plastic mini detachable loop string buckles

Long description

Carry your equipment in comfort and style with the black camStrap Mini from camRade. The strap uses strong, detachable loop string connectors that attach to the eyelets of your camera or monitor cage. With a wide 65cm (25") to 135cm (53") adjustable length, the camStrap Mini can be configured to work as a sling, shoulder, or neck strap.

The camStrap Mini is 4cm (1.5") wide and made from nylon webbing that is padded internally to help ensure comfortable use. One side of the strap is smooth for sliding the camera to your eye when set up as a sling, the other side has a rubber grip that prevents it from slipping while worn on your neck or shoulder.
