Product Description

The amaran Desk Stand is a height-adjustable, aluminum desktop stand designed to support the amaran Verge and a wide variety of 1/4-20in compatible content creation gear. Built for reliable and flexible desk-based setups – from desktop streaming to product photography – the amaran Desk Stand combines a weighted base plate, continuous height adjustment, and angle flexibility to elevate your desktop workflow.

Wide compatibility with 1/4-20in screw mount. Featuring a standard 1/4-20in screw with locating pins, the amaran Desk Stand securely supports a variety of lighting and content creation gear – from the amaran Verge to other 1/4-20in gear – making it a versatile foundation for any desk-based setup.

Flexible height and angle adjustments. Whether lighting your stream or filming overhead tabletop content, the amaran Desk Stand's telescoping column offers continuous height adjustment from 55cm (1.79ft) to 87cm (2.83ft), along with precise angle control to position your gear exactly where you need it.

Weighted base plate design. Designed for stability and protection, the amaran Desk Stand features a heavy-duty steel base with soft padding underneath – ensuring your gear stays firmly in place while safeguarding your workspace from scratches and vibrations.
