Product Description

The amaran Verge Stand Adapter is designed for mounting the amaran Verge or Verge Max lights onto any standard 5/8in baby pin light stand. Featuring the amaran Verge Lock for fast, tool-free setups and 180° pan and tilt adjustments, the amaran Verge Stand Adapter expands your setup beyond the desktop – unlocking additional mounting possibilities for full-body framing, overhead lighting, or off-desk positioning – perfect for creators building flexible lighting systems in compact home studios.

Mount effortlessly onto light stands. The amaran Verge Stand Adapter installs easily onto any standard 5/8in baby pin light stand with a secure tie-down system. Whether mounted horizontally for full-body content or vertically for dynamic overhead lighting, the Stand Adapter provides a stable, space-efficient foundation for your light. And with 180° pan and tilt adjustments, you can precisely angle your amaran Verge or Verge Max light to achieve the perfect look.

amaran Verge Lock mounting. Instantly snap your amaran Verge or Verge Max light into place with the amaran Verge Lock – a quick-locking, tool-free mounting system that ensures fast, secure mounting so you can stay focused on your shot.
